**BRODHEAD.**

On Tuesday morning at 10:15 our little town was shocked by one of the saddest messages that could have been torn to our midst. It was that Manly Albright, the eldest son of Mrs. Mary Albright, of this town, had suddenly met his death by an accident while out at his work traveling.

I am sure I speak the sentiment of all when I say there was not a young man in our town better liked by all, than Manly. He was noble, ambitious and attentive both to his work, mother and home. He was well known in this and adjoining counties and all who knew him loved him for his politeness genial disposition and cordiality which he possessed and manifested to all. Words would serve as poor means to express the grief that his many heart broken friends have to bear. But to his mother, brother and relatives especially do we extend our heart felt sympathy in their hour of bereavement. A host of sorrowing friends accompanied his remains to the McKinney cemetery where they were laid to rest.

The meeting conducted at the Baptist church by Bro Barnes of Danville closed Friday last with 60 addition to the church. It was certainly a power for good and we would gladly welcome Bro Barnes to our town again.—Mr. and Mrs. Salin, of Mt. Vernon, were the guest of J. W. Hutcheson and family first of week.—Henry Anderson who has held a position with the L. & N. for some time is at home again.—Frank Brooks and daughter, Mrs. Hunt who have resided on Silver street for some eight months will occupy the property belonging to and recently vacated by Dr. Benton. He expects to devote his time to raising chickens principally.—C. H. Frith is in Lancaster, Berea and Richmond this week in interest of the Consolidated Gas and Electric Co.—Mr. and Mrs. Grant Sigman and little daughter, Belle are the guest of John Sigman and granddaughter this week.—Mrs. Willnot of this place, Mrs. Saline Roberts, of Gum Sulphur, and Mrs. Granville Leece, of Copper Creek are visiting Mrs. G. W. Brooks, in Williamsburg.

Mr. and Mrs. H. H. Hutcheson, of Burnside Ky., are visiting here as guests of Dr. Gravelly and family.—M. B. Bowling was in London, Sunday.—J. M. Cress, of Preachersville, is purchasing a good number of hogs in this vicinity.—The play to have been given at the opera hall here Wednesday night March 17th. will be produced at a later date. This troupe was from Mt. Vernon, and we understand is well worth going to see.

**A RELIGIOUS AUTHOR'S STATEMENT.**

Rev. Joseph H. Fesperman, Salisbury, N. C., who is the author of several books writes: "For several years I was afflicted with kidney trouble and last winter I was suddenly stricken with a severe pain in my kidneys and was confined to bed eight days unable to get up without assistance. My urine contained a thick white sediment and I passed same frequently day and night. I commenced taking Foley's Kidney Remedy, and the pain gradually abated and finally ceased and my urine became normal. I cheerfully recommend Foley's Kidney Remedy." Chas. C. Davis.

It is probable that the United States will send a special commissioner to Nicaragua to investigate the situation there and former Gov. Magoon is prominently mentioned for the mission Extraordinary military and naval activity on the part of Nicaragua prevails, according to dispatches received at the State Department. The American naval force now in Central American waters is to be augmented in consequence.

**IT SAVED HIS LEG.**

"All thought I'd lose my leg," writes J. A. Swenson, Watertown, Wis., "Ten years of eczema, that 15 doctors could not cure, had at last laid me up. Then Bucklen's Arnica Salve cured it sound and well." Infallible for Skin Eruptions, Eczema Salt Rheum, Boils, Fever Sores, Burns, Scalds, Cuts and Piles. 25c at Chas. C. Davis.

**LAND STOCK AND CROP.**

The 1900 Census gave the total amount of creamery butter made in the United States as 420,116,000 lbs. In 1904 the figures had increased to 531,480,000 and it is estimated that the 1910 figures will reach fully 725,000,000 pounds.

Every spring you hear the croakers. Already they have begun their pessimistic assertions that the fruit crop has been killed. This is not true, for we have interviewed several who are authority on matters pertaining to fruit and they say the fruit crop may get killed between now and May, but so far the buds are in good condition for fruit bearing.

Figures issued by the Department of Agriculture shows that up to January 1, last, there were 20,640,000 horses valued at \$1,974,054,000 on farms the same date last year, valued at \$1,867,530,000. There were also during 1908, 4,053,000 mules, 21,720,000 milch cows and 56,084,000 sheep. The total value of horses, mules, cows and sheep on farm during the year was \$3,163,710,000.

The continued rains have greatly retarded all sorts of farm work. Especially have they been a hindrance to tobacco raisers who have been anxiously waiting an opportunity to sow their plant beds. Plowing is at a standstill and about all that can be done is to look after the stock. The weatherman seems to think that he can improve the brand we have been having in a very short while, which will no doubt be good news to the tillers of the soil.

The brood mare that is about to bring a foal should be looked to as the time draws near. Any quiet paddock or pasture will be the next best place to turn her in, provided there is no shedded barn room to give her. If the mare is put in pasture, care should be especially taken to allow no mules to go at large in it. These creatures seem to have so much curiosity about a young horse foal that they will run it to death if it gets separated from its mother. After a few days, however, the foal is in no danger from mules.

**GOOD HOME RECIPE.**

Get from any good prescription pharmacist the following:  
Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

Shake well in a bottle and take a teaspoonful dose after each meal and at bedtime.

The above is considered as the most certain prescription ever written to relieve Backache, Kidney Trouble, Weak Bladder and all forms of Urinary difficulties. This mixture acts promptly on the eliminative tissues of the Kidneys enabling them to filter and store the uric acid and other waste matter from the blood which causes Rheumatism.

Some persons who suffer with the afflictions may not feel inclined to place much confidence in this simple mixture, yet those who have tried it say the results are simply surprising, the relief being effected without the slightest injury to the stomach or other organs.

Mix some and give it a trial. It certainly comes highly recommended. It is the prescription of an eminent authority, whose entire reputation, it is said, was established by it.

A druggist here at home, when asked, stated that he could either supply the ingredients or mixed the prescription for our readers, also recommends it as harmless.

Edward Payson Weston, the veteran pedestrian, started from the New York post-office at 4:20 p. m. Monday on his 4,300-mile walk to San Francisco. A crowd of several thousand persons cheered him as he stepped off up Park Row with a band, mounted police and a detachment from the Seventh Regiment in attendance.

Foley's Honey and Tar cures coughs quickly, strengthens the lungs and expels colds. Get the genuine in a yellow package. Chas. C. Davis.

There is a report that E. H. Harriman has in mind a scheme to bring about a mutual understanding in regard to traffic arrangements between all the railroads of the country and a uniformity of rates that will be generally to the benefit of the stockholders, and that the conference, which is to be held at Pasadena while Mr. Harriman is here, will be concerned more or less with the plan.

Not all of the railroad men who are to take part in the conference have arrived, and nothing of importance has yet been attempted.

Mr. Harriman evidently expects that Congress, at the special session will make some amendments to the laws governing the Interstate Commerce Commission's work which would permit of the merger. He seemed surprised over the fact that mention of the matter had not been made before.

Mr. Harriman was asked: "How soon do you expect the railroads to resume works on the improvements that were contemplated before the panic?"

You may say he answered, "that as soon as an amendment is passed giving the Interstate Commerce Commission power to allow the railroads to enter into a mutual agreement—that is, permitting the strong roads of the country to extend their credit and protection over the weaker roads—just so soon will long contemplated improvements be rushed through to completion."

This means, of course, the expenditure of an immense amount of money, and I believe eventually it will result in reduction in the cost of operation and in charges.

With complete victory almost within their grasp, the House allies the insurgent Republicans and the Democrats, were deserted by a sufficient number of Democrats to save the Republican organization. In the end the rules were amended in three important particulars and the men who have been fighting to break the power of the Speaker gained ground. The tension was high throughout the session and many times the debate grew warm, Champ Clark, the minority leader clashing once with Representative Dalzell and later with Representative Fitzgerald, the leader of the Democratic deserters.

Mrs. Augustus E. Willson, who was badly injured in a runaway accident Sunday, is doing as well as her physicians hoped for, but suffers much pain. Her injuries are not regarded as dangerous.

*I Cannot Praise Peruna Highly Enough for the Good It Has Done Me.*

**MRS. JOHN HOPP.**  
Glendale, L. I., N. Y., writes: "I have been suffering for the past ten years with many symptoms incident to my age, also, catarrh and indigestion. I was weak and discouraged, had no ambition, could not sleep at night, and lost greatly in weight. "I tried other remedies, but with no success, until I commenced to take Peruna. I now feel better in every respect, can sleep well, and have gained in weight. I cannot praise Peruna highly enough for the good it has done me."

"If any women are suffering as I did, I would advise them to try Peruna and convince themselves. Peruna has done me good. I know by my experience that it is worth its weight in gold to any one who needs it."

"I also took Manalin, for constipation, in connection with Peruna, and I found it helped me where other laxatives failed."

**Now Well of Catarrh.**  
Miss Malissa Jolley, Farnelo, N. C., writes: "I have been taking your Peruna, and can say that I am well of the catarrh. "I thank you for your kindness and your advice."

MCCARTY, the democratic nominee for sheriff of Lincoln county who won by 14 majority, in late primary election, has been awarded nomination by the democratic committee in contest of Bouquaman his contestant who it appears, is not satisfied and it is claimed, will carry the contest into court. We hope Mr. Baughman may change his mind on the subject and not jeopardize the ticket. We want to see old man Dink Farmer elected to the jailership, an office he has so honorably worked to gain for many years.

The new president has appointed a white man as collector for port of Charleston, S. C. where the negro W. D. Crum has held forth for past eight years to the disgust of southern people.

CUBA simply cant behave and "ain't fitten" for self government and its only a matter of time until Uncle Sam will have to step in and annex the whole patch.

INDICATIONS point to a clear primary and let us hope they point correctly.

MAY the best men win the coming primary.

### LIVINGSTON

There is lots of sickness in this locality.—S. E. Pennington left Sunday for Arkansas.—J. G. Frith, of Brodhead, was here Monday

day buying logs.—Miss Nettie Rice is on the sick list this week.—Thomas Jones has returned from Louisville and his eyes are much better.—S. J. Kinley who went to Logmount to dig coal is at home sick of fever.—Rev. Jameson filled his regular appointment at the Baptist church Sunday.—The Christian Endeavor meet every Sunday night and much good is accomplished.—James Poynter was taken seriously ill Monday supposed to be fever.

Judge L. W. Bethurum and C. C. Williams were here taking depositions in the Dees & Mullins case.—Miss Bettie Pennington who is attending college at Berea spent Saturday and Sunday with home-folks. She was accompanied home by Miss Hazel Hilton of Berea.—There was a wreck here last Sunday caused by a car being derailed. No one was hurt.—Bill Graves moved into the Argenbright property Monday and H. D. Magee moved into the house vacated by Bill.—Mrs. Perry Dees who was very sick is some better at this writing.—John Farmer, of McKee, was here Saturday last shaking hands with his many friends. John is jailer in Jackson county and now a candidate for sheriff. John I hope you will win. I am a Democrat.—The Eight Gable hotel with J. T. Chearning proprietor is crowded. No matter how hard the times get people will travel.—J. W. Baker went to Berea Sunday to visit his son, John, who is running a store in that town.—R. B. Smith who bought and sawed the logs for the Ford Lumber Co. here last summer, is here loading his lumber.—H. L. Delph has added another room to store and is filling it with goods.—T. J. Niceley candidate for sheriff was here Monday talking with the boys.

Prof. W. R. Dickerson, candidate for School Superintendent, has entered the race for certain. We believe the Prof will make a good man in that place, if he can beat the other boys.—Hamp McClure, who lives near here is in a very serious condition and not expected to live but a few days.—Dr. W. J. Childress was called to see the little child of Mr. and Mrs. Ed Whitis Tuesday.—J. D. McFerron was here Tuesday presenting his side of the question to the boys and telling them that he would be the next

Superintendent of schools.—W. H. Burton made a flying trip to London Look out there is something in the wind.—Mrs. J. D. Martin, of Paris, is visiting the families of W. H. Burton and Sam Ward.—Livingston although a small town with nine stores can boast of the trade it gets. The cross ties, logs, wood and lumber makes it a hustling town.—Bill Stanley, of Grave, Switch has purchased the farm owned by a Mr. Hanks. Price paid \$200.00 Hanks moved to Virginia. Stanly will move to his farm this fall.

Urban Chearning still makes his Sunday visits up Gauley branch Say Urban, what is the attraction? We believe there will be a wedding soon, any one doubting this can ask—Alvin Argenbright.—Bowman & Cockrell have started their big mill and we are informed that the Coal Co. will begin work the first of May.—C. M. Griffin who is running an extra gang and who was located at London is here doing some special work for the L. & N.—The Rail Road Co., is having lots of trouble with the track between here and Perth. The track is put up on sand and it goes down after such rains as we have had of late.

Distinguished men from every part of the country Monday night attended a dinner at Washington in honor of Col. John M. Parker, of New Orleans, president of the Southern Commercial Congress. The occasion reflected in a marked degree the rapid strides which the congress has made since it was launched three months ago as an agency for a "greater nation through a greater South."

### NEAR DEATH IN BIG POND

It was a thrilling experience to Mrs. Ida Soper to face death "For years a severe lung trouble gave me intense suffering," she writes, "and several times nearly caused my death. All remedies failed and doctors said I was incurable. Then Dr. King's New Discovery brought quick relief and a cure so permanent that I have not been troubled in twelve years." Mrs. Soper lives in Big Pond, Pa. It works wonders in Coughs and Colds, Sore Lungs, Hemorrhages, LaGrippe, Asthma, Croup, Whooping Cough and all Bronchial affections. 50c and \$1.00. Trial bottle free. Guaranteed by Chas. C. Davis.

Taylor, is on the sick list.—On Monday morning Mch. the 15 7:45 A. M the death angel visited the house of Flora Thompson and claimed for its victim her husband Jas. Thompson, who was shot two years ago or more, by Jeff Dowell. He leaves a wife and two small children to mourn the loss of a devoted husband and father. Funeral services were conducted by Rev. D. R. Gentry. The remains were interred Tuesday in the Providence cemetery to await the final resurrection.

### IN FIVE MINUTES.

Take your sour stomach—Or maybe you call it Indigestion, Dyspepsia, Gastritis or Catarrh of Stomach; it doesn't matter—take your stomach trouble right with you in your Pharmacist and ask him to open a 50-cent case of Pape's Diapessin and let you eat one 22-grain Triangule and see if within five minutes there is left any trace of your stomach misery.

The correct name for your trouble is Food Fermentation—food souring; the Digestive organs become weak, there is lack of gastric juice; your food is only half digested, and you become affected with loss of appetite, pressure and fullness after eating, vomiting, nausea, heartburn, griping in bowels, tenderness in the pit of stomach, bad taste in mouth, constipation, pain in limbs, sleeplessness, belching of gas, biliousness, sick headache, nervousness, dizziness and many other similar symptoms.

If your appetite is fickle, and nothing tempts you, or you belch gas or if you feel bloated after eating, or your food has like a lump of lead on your stomach, you can make up your mind that at the bottom of all this there is but one cause—fermentation of undigested food.

Prove to yourself, after your next meal, that your stomach is as good as any; that there is nothing really wrong. Stop this fermentation and begin eating what you want without fear of discomfort or misery.

Almost instant relief is waiting for you. It is merely a matter of how soon you take a little Diapessin.

This is the most dangerous time of the year to catch cold, and it is the hardest time to cure it. If you should take a cold, a few doses of Kennedy's Laxative Cough Syrup will act very promptly. Its laxative principles cures the cold by driving it from the system by a gentle but natural action of the bowels. Children especially like Kennedy's Laxative Cough Syrup as it tastes so good, nearly like maple sugar. It is sold by Chas. C. Davis.

The dairy cow alone produced \$800,000,000 last year. The value of all the animals slaughtered is estimated at \$3,000,000,000. Farms and farmers combined last year produced four times the wealth that the mines of the country brought forth. The exports totaled over \$1,017,000,000. Truly this is a great country of ours, and under the providence of God it has been wonderfully blessed.

We say without hesitation that DeWitt's Kidney and Bladder Pills are unequalled for weak kidneys, backache, inflammation of the bladder and all urinary disorders. They are at septic and act promptly in all cases of weak back, backache, rheumatism and rheumatic pains. Accept no substitute. We sell and recommend them Chas. C. Davis.

## BLOOD

We live by our blood, and on it. We thrive or starve, as our blood is rich or poor. There is nothing else to live on or by. When strength is full and spirits high we are being refreshed—bone, muscle and brain, in body and mind—with continual flow of rich blood. This is health.

When weak, in low spirits, no cheer, no spring, when rest is not rest and sleep is not sleep, we are starved; our blood is poor; there is little nutriment in it.

Back of the blood is food, to keep the blood rich. When it fails, take

WHIRL--At Stanford Thursday morning Mrs. Lydia White, wife of James I. White, died at 4 o'clock of nervous prostration, of which she had been a sufferer for many years. She was a daughter of H. H. Baker, of this place whom nearly everyone in the county knows and is universally respected. The remains will arrive here on the noon train to-day and will be laid away in the Baker family burying ground one and one-half miles west of town this afternoon.

Dr. W. A. Brown, of Parksville, who has been here twice within the last thirty days to attend the burials of his two sisters, Mrs. Elizabeth Lawrence and Mrs. Susan Henderson, is a native of Rockcastle county, a brother of Dr. Jackson Brown whom all our people regarded as a great physician and a man among men, left Rockcastle and located at Parksville near forty years ago. He has been successful in life, through close application and diligence. In his work and success he has always lent a helping hand to those strugglers who wanted to do something and has put many young men on their feet where he thought they had the right stuff in them. While he has been deceived in some instances he says he is satisfied and will continue in the same old line laid out fifty or more years ago when he went into the practice of medicine. The doctor is remarkably well preserved for a man of 76, and from his regular habits it is predicted he will live many years beyond the allotted span and when death claims him his praisings will be universally regretted.

The remains were brought here Tuesday afternoon and taken to the home of Mr. and Mrs. Chas. C. Davis (Mrs. Davis eing a niece) where short services were conducted by Mr. W. H. Cox, after which the remains were laid to rest beside her husband in the Lewis burying ground to await the glorious resurrection morn.

Mrs. Sarah Rickels has been very sick at the home of her daughter Mrs. W. T. Davis, but is better.

Mrs. Susan Henderson, aged 74 years, died Monday at the home of her brother Dr. W. A. Brown, Parksville, where she had made her home ever since the death of her husband. Less than three weeks ago she came to Mt. Vernon, enjoying the best of health, to attend the burial of her sister, Mrs. Elizabeth Lawrence and little did she think that so soon would she be called upon to pay the same debt. Returning to her home she was stricken down with pneumonia, death ensuing in less than a week.

Mrs. Henderson was an every day Christian. The beautifying influences of a pure religion were spread over a life and character as spotless and charming as was ever possessed by any of the noble women who have lived and died during the ages that are gone. As such a life was a blessing and benediction to all within the sphere of its influence, so is the death of such a one a public misfortune, as well as an irreparable loss to the home circle made desolate by her departure.

The remains were brought here Tuesday afternoon and taken to the home of Mr. and Mrs. Chas. C. Davis (Mrs. Davis eing a niece) where short services were conducted by Mr. W. H. Cox, after which the remains were laid to rest beside her husband in the Lewis burying ground to await the glorious resurrection morn.

Mt. Vernon is the only town in the county that has an exclusive Clothing and Gents Furnishing Store. Mr. J. Fish is the first man to cut out Groceries, Dry Goods and other lines and confine his business exclusively to Clothing, Shoes and Gents Furnishings, and he certainly has Every-thing For Men and Boys to wear and Ladies and Childrens Shoes too. Everybody is received at this Store with a hearty welcome and you always get the best at the right price.

HORRIBLE DEATH--Manly C. Albright, of Brodhead, traveling salesman for Stratton & Terstegge, met with a most horrible and tragic death Tuesday. He had gone to W. M. Bullock's place of business about four miles south of here to sell that gentleman a bill of hardware. Mr. Bullock was at his saw mill and the deceased stopped at the mill to see him. It was about dinner time and Mr. Bullock asked Manly to go over and take dinner with him. Passing out of the mill shed, they had to pass over the saw shaft, which was running at full speed. Mr. Bullock passed over in safety, but the long overcoat worn by young Albright, caught on a set screw as he was passing over and in the twink of an eye his body wrapped about the whizzing saw rig and his life instantly beaten out, against the heavy timbers as he was whirled through the air. Messrs John Marler, W. M. Bullock and James Johnson witnessed the awful occurrence and as best they were able to tell, the shaft made between five hundred and a thousand revolutions, before they were able to stop the engine. The body was badly cut and bruised and there was hardly an unbroken bone in the body. Undertaker Graubville Owens, came up from Brodhead and he with Mr. A. B. Furnish and others went to the eventful spot picked up the body, which had already been cared for as best it could, by Mr. and Mrs. Marler, and others, and brought it to Mt. Vernon when it was shipped to his home at Brodhead. Mr. J. C. McClary, the Stanford undertaker met the body there and prepared it for burial, which took place yesterday, near McKinney, Lincoln county.

But few young men could claim a wider circle of admiring friends than he. His polite and genial manners, honesty, integrity and faithfulness to every trust won for him the esteem, confidence and admiration wherever he was known. No bronze or marble shaft, no splendor of ancient or modern tombs and no play of immortal genius can adorn the memory of such manly men. Their lives,

their deeds, their influence, living or dead, and their pure aspirations are the monuments that will keep their names burning in the home and the hearts of kindred and brethren, while the flying moments are dimming with their dust and rust the inscription upon the brightest obelisk in the cemetery. While the silence of death wraps and chills us at this moment, memories, sweet and precious, come crowding in.

The remains were laid to rest yesterday the I. O. O. F's. of which order he was an honored number, officiating.
